

# CLUL Proposal Form For Poultry Insurance

## Part 1 - Site Details

<b>Name of Insured and Site Address</b> Include Postcode, Telephone / Fax Numbers and e-mail address		<b>Poultry Type - Broilers or Layers?</b> Growers, breeder layers, breeder replacements? Please state	
		<b>Production Type</b> Caged, barn, free-range, organic? Please state	
<b>Poultry Type</b> Chickens, Turkeys, Ducks?	<b>Breed</b>	<b>Age of flock</b> Current age and general age range (ie - 0-42 days, 20 - 72 weeks)  Number of cycles/crops per year	
<b>Number of houses and Total Floor Area</b> (eg - 3 houses, Hse1 - 200m <sup>2</sup> , Hse 2 - 300m <sup>2</sup> , Hse - 300m <sup>2</sup> )		<b>Site Capacity</b> (Maximum Number of birds placed per house and total on site)	
<b>Construction of Buildings</b> (Type of house and approximate age, manufacturer and a detailed description of floors, walls, frame, insulation and roof including type of materials used). State Sum insured. Please attach any plans, details or information relative. Also provide location if different to above			
<b>Acreage</b>			
Is cover required in respect of concrete base (s)?		YES	NO
Are all buildings in good condition and well maintained?		YES	NO
Are all buildings owned by you ? If no please provide full details		YES	NO
Are all buildings to be insured only used for poultry farming?		YES	NO
<b>Other fixed equipment other than that listed on pages 1 and 2 of the proposal</b>			

**Feeding System**

(Include type, make and age of system / equipment and numbers of feeders/ sum insured)

**Drinking System**

(Include type, make and age of system / equipment and numbers/ sum insured)

**Ventilation System**

(Include type, make and age of system and Sum insured). Please attach any detailed ventilation information.

**Nest Boxes / Egg Collection**

(Include type, make and age of system / equipment and stocking densities and sum insured).

**Alarm System**

(Include type, make and age of system and what the alarm covers and sum insured)

**Heating System**

(Include type, make and age of system and sum insured).

**Emergency Equipment**

(Include type, make and age of system and sum insured).

**Product Buyer**

(Name of company you supply)

**Value of Stock**

Maximum value per bird:  
Annual revenue:  
Total annual egg sales per house and overall (if applicable)

## Part 2 - Questionnaire

Please complete all the questionnaire leaving blank any questions that are non-applicable

### Section 1 - Biosecurity

- |    |   |                              |                             |
|----|---|------------------------------|-----------------------------|
| 1  | Do only essential visitors have access to the site?   | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| 2  | Are all visitors monitored from points of arrival to departure with full records of the visit kept? | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| 3  | Does the management refuse visitor entry if the health and welfare of the birds would be effected?  | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| 4  | Is the poultry site fully enclosed and surrounded by fencing?                                       | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| 5  | Are all individual buildings locked when there are no personnel on site?                            | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| 6  | Are footdips / barrier systems provided at the entrance to all buildings and the use of applied?    | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| 7  | Are all disinfectants DEFRA Approved, used to the correct dilutions, replaced and recorded?         | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| 8  | Are handwashing and toilet facilities available on site?  | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| 9  | Is handwashing enforced by management at entry / exit to poultry and after bird handling?           | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| 10 | Is site dedicated clothing supplied for all personnel and washed / discarded between flocks?        | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| 11 | Do all individual houses operate on an "all in, all out" basis?                                     | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| 12 | Is there provision for the wheel wash / disinfection of vehicles entering the site?                 | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| 13 | Is poultry the only livestock species that ever enters the poultry houses or service buildings?     | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| 14 | Is there adequate pest control carried out to control rodents, flies and parasites?                 | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| 15 | Is pest control carried out by a licensed contractor / properly trained staff?                      | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| 16 | Is pest control planned, documented and recorded?   | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| 17 | Is smoking restricted to designated areas, away from birds, and enforced?                           | YES <input type="checkbox"/> | NO <input type="checkbox"/> |

### Section 2 - Buildings and Surroundings

- |    |   |                              |                             |
|----|---|------------------------------|-----------------------------|
| 18 | Are the buildings specifically designed for the type of poultry housed?         | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| 19 | Is the poultry site and buildings separate from other enterprises on farm?      | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| 20 | Has the poultry house / houses integral anterooms, washrooms and storage areas? | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| 21 | Does any other building physically join the poultry housing?                    | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| 22 | What is the distance from the poultry housing to the incinerator area?          | _____ m                      |                             |
| 23 | Have all houses fire fighting equipment fitted?                                 | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| 24 | Do buildings house computer / office equipment?                                 | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| 25 | Is there a service contract with your electrician?                              | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| 26 | Are electrical switchgear/controls housed in a service area?                    | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| 27 | Are service areas entirely lined with non-combustible materials?                | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| 28 | Are heaters suspended on metal safety chains?                                   | YES <input type="checkbox"/> | NO <input type="checkbox"/> |

29 Are fail safe devices fitted to each heater?

YES

NO

Are fuel storage tanks banded?

YES

NO

- 31 Are fuel storage tanks more than 25m from the houses? YES  NO
- Are all final exit doors fitted with minimum standard dead lock or minimum standard of 3 lever mortise? YES  NO
- 33 Is vegetation kept short around the poultry houses and cut at least quarterly? YES  NO
- 34 Are areas around buildings kept clear of non - essential equipment? YES  NO
- 35 Are all houses plated with floor space, drinker, feeder, feed bin capacity and nest box information? YES  NO
- 36 Do all buildings provide a safe, hygienic and comfortable environment for birds? YES  NO
- 37 Are all surfaces within the houses in good condition, waterproof and cleanable? YES  NO
- 38 Are all floors made of concrete / asphalt and above the outside ground level? YES  NO
- 39 Are all surfaces within the house waterproof, draught-proof and vermin-proof? YES  NO
- 40 Are all houses insulated? YES  NO
- 41 Are all houses constructed and maintained to prevent any likely cause of injury or distress to birds? YES  NO

**Section 3 - Emergency Equipment**

- 42 Are all automatic environment control systems monitored by an audible / visual alarm covering mains failure, minimum and maximum temperatures and humidity? YES  NO
- 43 Can the audible / visual alarm be heard / seen outside the building? YES  NO
- Has it a secondary form of communication directly to a stockperson via pager / telephone? YES  NO
- 45 Is there a service contract on the alarm system? YES  NO
- 46 Is all feeder, drinker, ventilation, heating and lighting systems **installed** by competent persons? YES  NO
- 47 Are all feeder, drinker, ventilation, heating and lighting systems **maintained** by competent persons? YES  NO
- 48 Are all fire extinguishers, alarm systems, and other automated / mechanical equipment **installed** by competent persons? YES  NO
- 49 Are all fire extinguishers, alarm systems, and other automated / mechanical equipment **maintained** by competent persons? YES  NO
- 50 Is all automatic equipment inspected daily and defects rectified immediately? YES  NO
- 51 Is there a stand-by generator on site? YES  NO
- 52 Is the stand-by generator 'automatic' cut-in and cut-out? YES  NO
- 53 Is the stand-by generator tested at least weekly under full load and records kept? YES  NO
- 54 Is the stand-by generator subject to a service contract? YES  NO
- 55 Are the electrics checked by a qualified electrician, at least quarterly? YES  NO

**Section 4 - Lighting**

- Are lighting levels sufficient at all times during the lighting period to allow birds to see feed and water, to see each other, and to be able to show normal behaviour? YES  NO
- 57 Is there a lighting programme that is suitable for the poultry type kept, produced and implemented? YES  NO

58	Are all lighting patterns recorded?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
59	Are patches of high and low light intensity avoided within each house?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
<b>Section 5 - Temperature, Ventilation and Air Quality.</b>			
60	Do all houses have a controlled environment?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
61	Does the ventilation system retain air quality to COSHH and CLUL parameters (Ammonia 20ppm, Carbon dioxide 300ppm and humidity at 50 - 70% at 29 degrees centigrade)?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
62	Is a documented ventilation plan covering air quality, flow speed and temperature implemented?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
63	Are ventilation rates variable to allow for environmental changes?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
64	Are heaters and additional circulation fans available in times of low or high temperatures to ensure that ventilation is not compromised?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
65	Is equipment available to measure air quality (eg- ammonia / carbon dioxide)	YES <input type="checkbox"/>	NO <input type="checkbox"/>
66	Are the maximum and minimum temperatures of each house measured and recorded daily?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
67	Is the heating system capable of producing heat sufficient to stop chicks huddling?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
68	Is there procedures in place that will keep bird environmental temperatures constant as possible?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
<b>Section 6 - Stocking / Stocking Density.</b>			
69	Do all birds, on arrival, get placed into a pre-heated house and their behaviour monitored?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
70	Do all birds have sufficient space to walk, turn, sit, preen, flap wings and practice normal behaviour?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
71	Do stocking densities ever exceed 38kg/m2 (Int. Broiler Growers) of available floor space?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
	What is the maximum stocking density over the last 3 crops in kg/m2 of available floor space?	<u>kg/m2</u>	
<b>Section 6 - Litter / Floor Quality.</b>			
73	Are all flocks provided with clean, fresh litter in excess of 2cm? (caged birds N/A)	YES <input type="checkbox"/>	NO <input type="checkbox"/>
74	Is litter managed and recorded and action taken if it becomes capped?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
75	Is litter storage dry, vermin-proof and hygienic?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
76	Is old litter removed from site promptly after depopulation, transported and disposed of properly?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
77	Are records kept of litter quality and disposal?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
<b>Section 6 - Feed and Water.</b>			
78	Do all birds have access to adequate feed and water up to 1 hr prior to depopulation?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
79a	Is there sufficient storage of water to supply birds for at least 24 hours in an emergency?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
79b	Is there sufficient storage of water to supply birds for at least 12 hours in an emergency?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
80	Can all birds reach water without travelling more than 3 meters and feed within 4 meters?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
81	Are drinker and feeder heights checked daily?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
82	Do all houses have water meters connected and consumptions recorded daily?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
	Are all header tanks covered and hygienically managed?	YES <input type="checkbox"/>	NO <input type="checkbox"/>
84	Is borehole water tested for TVC and coliforms every 6 months and recorded?	YES <input type="checkbox"/>	NO <input type="checkbox"/>

85 Is there an even distribution of drinkers and feeders, free from contamination within each house?

YES

NO

86 Are feed delivery systems checked daily for areas capable of injuring birds and performance?

YES

NO

Are all feed bins numbered and identifiable?

YES

NO

- 88 Is all feed transported and stored to avoid contamination or spoilage? YES  NO
- 89 Is all feed which is medicated or has a withdrawal period stored separately and identifiable? YES  NO
- Are records kept to cover type, levels and withdrawal dates of medicated feeds or coccidiostats? YES  NO
- 91 Are compound feeds sourced from a UKASTA compliant mill? YES  NO
- 92 Are samples of feed kept for 3 months and delivery tickets kept for a year? YES  NO

**Section 7 - Health and Hygiene.**

- 93 Has the site the services of a poultry specific veterinary surgeon? YES  NO
- 94 Does the site have a written veterinary health plan tailored to the needs of the unit? YES  NO
- 95 Are sick , injured or dead birds removed daily and if required humanely destroyed? YES  NO
- 96 Are birds culled by a trained stockperson by neck dislocation? YES  NO
- 97 Are mortality and culls recorded on a daily basis? YES  NO
- 98 Are dead birds stored in sealed, vermin-proof containers? YES  NO
- 99 Are the use of medicines (prophylactic, therapeutic, in-feed, in-water ) and vaccines recorded? YES  NO
- 100 Are all medicines and vaccines stored in a secure (locked) store and in accordance with any recommendations on the label? YES  NO
- 101 Does only staff trained to administer medicinal products have access to them? YES  NO
- 102 Are vaccination programmes tailored to the needs off the farm and developed in consultation with the responsible veterinary surgeon? YES  NO
- 103 Are medicines and vaccines used in strict accordance with written instruction that must be provided by the responsible veterinary surgeon? YES  NO

**Section 8 - Cleaning**

- 104 Is there an implemented detailed written programme for the cleaning and disinfecting of buildings and equipment specific to the site in operation? YES  NO
- 105 Are all buildings and equipment thoroughly cleaned and disinfected (and fumigated if necessary) after use e.g. between flocks? YES  NO
- 106 Are cleaning procedures recorded and dated and a copy kept on site? YES  NO
- 107 Is potable quality water used for all wet cleaning procedures and pressure washers used to clean and sanitise buildings and equipment? YES  NO
- 108 Is storage tanks and drinker lines physically cleaned and sanitised with food grade sanitizer where water is for consumption by animals or man? YES  NO

**Section 9 - Chemicals**

- 109 Are all cleaning chemicals and sanitizers licensed and approved by DEFRA for the intended use? YES  NO
- 110 Are all chemicals used on sites clearly labelled and stored in a lockable building with data sheets? YES  NO
- Is a record of all chemicals stored and/or used on site kept? YES  NO
- 112 Are COSHH regulations followed? YES  NO

**Section 9 - Salmonella Testing**

- 113 Are all chicken flocks sampled, tested and monitored for salmonella at the appropriate stages? YES  NO
- Are tests carried out in a Government-authorised accredited laboratory? YES  NO
- 115 Are all results of salmonella / pathogen tests retained and available? YES  NO
- 116 Is there a written cleaning and disinfection procedure to eliminate a pathogen implemented? YES  NO
- 117 Is feed tested for salmonella at the mill? YES  NO

**Section 10 - Depopulation.**

- 118 Are vehicles and crates cleaned and disinfected and in good condition prior to bird transport? YES  NO
- 119 Is there a level, well drained loading area for the loading / unloading of birds? YES  NO
- 120 Are catchers provided with protective clothing? YES  NO
- 121 After depopulation is each house thoroughly cleaned and disinfected before another flock is placed? YES  NO
- 122 Is feed supplied up to 12 hours prior to depopulation? YES  NO

**Section 11 - Waste / Disposal**

- 123 Is all packaging and waste stored in sealed containers and removed from the site regularly? YES  NO
- 124 Are carcasses disposed of by incineration? YES  NO
- 125 Do carcasses, not disposed of on site, get stored as 98 and removed weekly in winter, twice weekly in summer unless frozen? YES  NO

**Section 12 - Managers and Stockmen**

- 126 Are managers and stockmen competent / trained in the following before being given responsibility for the care of birds?
- |  |                              |                             |
|--|------------------------------|-----------------------------|
| Emergency procedures and water sources available for fire fighting                                 | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| Normal and abnormal behaviour of birds, and fear reactions   | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| Signs of good health and signs of poor health and disease  | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| Correct handling of birds in a positive and compassionate manner                                   | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| Humane slaughter methods   | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| Litter management, signs of poor litter and remedial action  | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| Equipment operation, maintenance, recognition of failures and action to be carried out to rectify  | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| Bristol Gait Scoring   | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| General hygiene, basic Health and Safety requirements including COSHH                              | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| Recognition of the signs of thermal stress in birds and the procedures to be followed if a problem | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| Where necessary, training in the administration of medicinal products.                             | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
| A working knowledge of the production manual procedures relating to their area.                    | YES <input type="checkbox"/> | NO <input type="checkbox"/> |
- 127 Are untrained staff used without the direct supervision of trained personnel? YES  NO
- 128 Do all staff have National Insurance cards before being employed? YES  NO

**Section 13 - Bird handling and Inspection**

- 129 Are all birds checked at least twice / day and three times / day in periods under stress? YES  NO
- Are records of inspection kept, retained and inclusive of observations? YES  NO
- 131 Do stockmen walk within 3m of each bird and encourage them to move? YES  NO
- 132 Where problems are identified are they rectified, recorded with remedial action detailed? YES  NO

133 Where stockmen cannot rectify problems is expert advice sought and acted upon?

YES

NO

**Section 14 - Managers Responsibilities.**

- 134 Is there a maximum number of birds per trained stockmen within the following criteria? YES  NO   
A maximum 100,000 commercial growers per trained stockman (where fully automated systems are in use and there is full back up if problems occur). YES  NO   
A maximum 40,000 breeder rearers per trained stockman. YES  NO   
A maximum 30,000 breeder layers per trained stockman. YES  NO
- 135 Do managers / staff have access to Codes of Practice relevant to the production and regulations? YES  NO
- 136 Do managers ensure staff responsible for birds have adequate training in specific area's of duty? YES  NO

**Section 14 - Training**

- 137 Is training given by a recognised trainer to NVQ/SVQ level or formal in-house programme? YES  NO
- 138 Is a record of training for all staff, detailing courses attended and training received retained? YES  NO
- 139 Is all training regularly reviewed and updated? YES  NO
- 140 Is staff competency assessed regularly and these assessments kept on record? YES  NO

**Section 15 - Plans and Safety Procedures.**

- 141 Are the following plans and policies available and implemented on site?  
A current Quality / Production Manual, specific to the business and containing all the procedures carried out within the business. YES  NO   
A Veterinary flock health plan, updated annually and agreed with the attending veterinary surgeon. YES  NO   
A Farm Waste Management plan, updated annually based on parameters stated in the COP for Air, Soil And Water. YES  NO   
A COSHH policy, updated annually and including all relevant chemical data sheets YES  NO   
A Chemical Spillage Plan based on parameters stated in the COP for Air, Soil And Water including all relevant chemical data sheets. YES  NO   
A Pest Control Plan with evidence to show its effect. YES  NO   
A Health and Safety at Work policy, updated annually and drawn up in conjunction with the H & S Executive. YES  NO   
A Unit Site plan detailing house size, access points, location of fire extinguishers and first aid kits, water sources (fire fighting) and pest control bait points. YES  NO   
An emergency action plan ,sited in a prominent position near a telephone point, covering procedures to be followed in the case of emergencies such as fire, flood, power failure, equipment failure or the interruption of supplies. YES  NO   
A heat / cold stress policy with a ventilation plan YES  NO
- 142 Are managers aware of HACCP and have commitment to the utilisation of these principles within future procedural protocols? YES  NO
- 143 Are procedures for dealing with contingencies plans known by staff and relevant telephone numbers displayed at a suitable point. YES  NO
- 144 Do all sites have telephone access and all staff aware of there positions? YES  NO
- 145 Are all staff aware of the water sources available for the purposes of fire fighting? YES  NO
- 146 Is an emergency water supply capable of providing water for 24 hours at full demand available? YES  NO
- 147 Does the nearest fire brigade (within 20km) have knowledge of OS information for the unit? YES  NO
- Is the farm manned 24 hours daily? YES  NO

**Section 16 - Egg Handling.**

- 149 Are all setting eggs clean and free from cracks and damage? YES  NO

150 Are hatching eggs sanitised, not washed?

YES

NO

- 151 Are all eggs marked with a black mark and labelled so that the site and age of flock can be verified? YES  NO
- 152 Is each trolley marked with the breeder farm and date laid? YES  NO
- Are floor eggs to be set clearly identified, placed at the bottom of the trolley or on a separate trolley? YES  NO
- 154 Is the temperature (and humidity) of the egg store recorded with a max/min thermometer or twice daily with a standard thermometer? YES  NO
- 155 Is the storage room temperature always below 18oC? YES  NO
- 156 Are eggs collected at the following minimum frequencies? YES  NO
- Rollaway systems - once per day YES  NO
- Other systems - 3 times per day YES  NO
- Floor eggs - 3 times day YES  NO
- 157 Does egg collection records include the following details? YES  NO
1. Quantities recovered YES  NO
2. Quantity of floor eggs YES  NO
3. Reject egg count YES  NO

**Section 17 - Employers Liability**

- 158 Please state the estimate gross wages and salaries for
- Farm Employees £
- Working Directors (not engaged in manual work) £
- Working Directors (engaged in manual labour) £
- Any other employees (state wages and type of work undertaken)
- Work carried out: £
- Work carried out: £
- Work carried out: £
- Work carried out: £

**Section 18 - Public/ Products Liability**

- 159 State total acreage of farm
- 160 Total acreage allocated to poultry farming
- 161 Do you engage in retail sales - If yes please provide full details including the goods sold and turnover YES  NO
- 162 Is your farm adjacent to any water course or do any watercourses run through your farm? If Yes provide details of watercourse and distance to storage facilities YES  NO
- 163 Has there been any incidents of pollution? If yes provide full details YES  NO
- 164 Has your land ever been used as a waste disposal site? If yes please provide full details YES  NO

**Section 19 - General**

- 165 Has this farm been in operation for more than 12 months under the current management? YES  NO
- 166 Has this farm been flood free for the past 5 years? YES  NO
- 167 Has this farm been free from vandalism? YES  NO
- 168 There is a flood risk? YES  NO
- Does the farm make a profit? YES  NO
- 170 Is your Veterinary within 20km of farm? YES  NO

171 Has the farm been free from defects, ailments, injuries or diseases over the past 3 years?

YES

NO

172a BROILERS: Has the average mortality rate over the past 3 years been below 5% for each crop?

YES

NO

- 172b LAYERS: Has the average mortality rate over the past 3 years been below 8% for each crop? YES  NO
- Has any company declined a proposal from you, cancelled or refused to renew your policy or required special terms to insure you? YES  NO
- 174 Have you or any director, partner or principal of the business been convicted of arson or any offence involving dishonesty? If yes provide full details YES  NO

**Section 18 - Past Insurance History**

Please enter details of current insurers and details of any claims made together with reasons for the claim within the last 3 years

**Section 19 - Comments**

Where any questions have been answered with a 'negative' reponse please provide full details, or provide full details where a question has requested further information. Continue on additional paper where necessary

Question No.	Comments

--	--

**Please attach, veterinary certificate, any recent survey reports, vaccination certificates, a sketch map and photographs of the location of poultry houses.**

**DECLARATION**

The above named animals are owned by me and, to the best of my knowledge and belief, the information provided in connection with this proposal, whether in my hand or not, is true and I have not withheld any material facts. I understand that non-disclosure or misrepresentation of a material fact will entitle Underwriters to void the insurance.

(N.B. A material fact is one likely to influence acceptance or assessment of this proposal by Underwriters; if you are in any doubt as to what constitutes a material fact you should consult your Broker.)

I understand that the signing of this proposal does not bind me to complete the insurance but agree that, should a contract of insurance be concluded, this proposal and the statements made therein shall form the basis of the contract. I declare that to the best of my knowledge and belief all of the above statements made by me are true. I hereby consent to any information you may have about me being processed by you for the purposes of providing insurance, and claims handling, which may necessitate providing such information to third parties. I also confirm there are no other circumstances within my knowledge or opinion that are not already disclosed that are likely to affect the proposed insurance.

**Declaration of health:**

I hereby declare that all birds which have been kept at the locations proposed for insurance over the last 12 months were in sound health and have not suffered from any accident, sickness or disease unless otherwise stated
